CRITERION I - CURRICULAR ASPECTS

1.1 - Curriculum Planning and Implementation

1.1.1 - Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The curriculum is designed by Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur to which this institution is affiliated. Naturally we follow the syllabi prescribed by it in all the subjects. Ensuring effective curriculum delivery through a well planned and documented process is the primary concern of the institution for which the following initiatives are taken:-

1. An informal staff meeting is convened by the Principal in the beginning of every academic year to devise strategies for effective implementation of the curriculum. An academic calendar of the college is prepared in accordance with one given by the university. Workload is distributed among teachers as per the existing norms and time table for the year is prepared.
2. Every teacher devotes some teaching periods to appraise the students about the syllabus, unitization, distribution of marks, question paper pattern, etc. in the beginning of every academic year before starting actual teaching work.
3. The Principal ensures that the teachers prepare annual teaching plan, maintain a daily diary and strictly adhere to the academic calendar prepared by the Institution and curriculum is completed well within time.
4. Audio-visual aids are frequently used in the classroom and library for making the teaching learning activity interesting and student friendly.
5. Periodic tests are conducted, assignments are given and viva-voce are taken to assess student's progress.
6. Working hours lost due to commemorative and other programs held in the college are compensated.
7. Quality reading material is

provided to students besides books recommended by the university. 8. Tutorials for batches of 20 students are regularly conducted in the subject Compulsory English so that every student gets individual attention.

Feedback Obtained

Both UG and PG students are given feedback forms and are asked to submit them before the start of their university examinations. We select 10 percent of the current students and 05 percent of alumni and parents randomly for this purpose. All the necessary aspects such as syllabus, teaching method, reading material, evaluation methods, teachers' punctuality and their knowledge, academic facilities, infrastructure, sports and other facilities, extracurricular activities, prizes and awards, grievance redressal method, students' security, quality of administrative services, career guidance and counselling, discipline, cleanliness, first aid, and teacher-student interaction are covered so that the feedback received from the stakeholders would help us improve wherever required. Different yardsticks are used for responses to different questions. Generally the feedback is sought on a 05 point scale from 01 to 05 ranging between very good and very poor (1 Very Good, 02 Good, 03 Satisfactory, 04 Poor, 05 Very Poor) and the responses are put into numerical form for analysis. The feedback received from the stakeholders is then analyzed, and averages and percentages of various criteria are calculated. The strengths and weaknesses pointed out by the stakeholders are reassessed. The future action is then decided accordingly.

2.3.2 - Students mentoring system available in the institution? Give details. (maximum 500 words)

Students mentoring system is very much available in the college. It has been there for years now. We used to call it Tutor Ward system wherein a teacher was given the responsibility of some students and was asked to try and sort out their academic problems through pep talk and personal guidance outside the classroom. The number of students admitted to the college was divided by the number of teachers so that every student got attention and no teacher felt over burdened. The attendance of the students was also monitored and students who had difficulties in attending the classes regularly because of poverty were given time according to their convenience. The teachers would then and even now pay admission and examination fees of such students. The same system is being introduced now as the Mentoring system. Under this system, every student studying in the college has a full time teacher as their mentor. We have a special time slot reserved for mentoring purpose in the time table. The mentor mentee lists are displayed on the college notice board at the beginning of the academic session. Students are informed about this system being in place there which they can avail of. The mentors are given the responsibility to ensure regular attendance, academic progress and psychological well being of their mentees. They provide primary counselling to those who need it and advise them to go for professional counselling, if required. The mentors take into consideration educational background and socioeconomic status of the mentee before guiding him/her. They also maintain a register to record of their mentees. Both formal and informal means of mentoring are used. The mentoring system, apart from its formal part, is a robust informal mechanism to boost inclusiveness, gender sensitivity and social responsibility of students.

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college persisted with the traditional evaluation methods of conducting oral tests during the class, unit tests and prelims at the end of the academic year before the university examinations besides giving the students home assignments as parts of Continuous Internal Evaluation. Their performance is recorded at every stage and corrective measures are suggested. The students are divided into groups and are made to discuss certain problems. They are also encouraged to ask questions inside as well as outside the class so that their difficulties are sorted out and they are benefited in the final examinations. Special care is taken when it comes to objective type questions. Question papers of university examinations conducted in the past are preserved in the college library and every teacher makes use of them for guiding the students. Questions banks are prepared on the basis of these question papers which the students find quite handy.

2.5.3 - Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The institution does have a crystal clear policy for maintaining physical, academic and support facilities. Although ours is a small unit with very limited resources, we have made it a point to maintain our facilities in the best possible condition. Even a round of the campus is enough to know which part or facility needs attention. On noticing any discrepancy, the Principal is informed about it immediately. Most of the times it's done so informally that we don't even realize it till it's over. On being informed, the Principal reassesses the situation, and depending on the expected expenses he decides whether the matter is in his jurisdiction or needs Local Management Committee's approval. Local expertise is explored for minor repairs of wooden furniture, electrical appliances and plumbing work. For major ones, the experts are to be summoned from Nagpur. The classrooms, library, Geography laboratory, urinals and the entire college campus are kept neat and clean by the peons of the college. The NSS unit and the Clean and Green Campus Committee also play their role in maintaining cleanliness of the premises. Optimum utilization of the infrastructure and facilities available is ensured.
